NORTH WALES WATER AUTHORITY WEBSITE POLICY

The purpose of the North Wales Water Authority's Website is to provide the Authority's customers with information regarding the Authority. This policy is applicable to the Authority's Website which is defined as any internet or intranet web page which represents itself as the Authority or any of its departments. The primary objective of the website is to educate and inform the community about the North Wales Water Authority and its procedures, policies and calendar of events.

The North Wales Water Authority will permit organizations within the Authority's service area to post events on its Website "Community Calendar." Government, non-profit, community orientated, and educational organizations may be included. To be selected, the event must meet the following criteria:

- The event must be for an organization located within the Authority's service area;
- The organization must be governmental, non-profit, community orientated or educational;
- The event does not promote a specific religious, political, or social agenda;
- The event is open to the community at-large, although the charging of an admission fee will not disqualify the event from being posted;

The Authority will not post events for organizations that promote or exhibit bias or discrimination or seek to promote a political agenda. The Authority will not post events for privately held non-profit organizations.

Each request by a person or entity to have the Authority post an event on the Authority website must undergo review to determine its relevance and appropriateness to the Authority Website's mission. The Authority Executive Director or his/her designee will review the merits of the requested event, keeping in mind the criteria listed above, to determine whether the event may be posted on the Authority website.

Each request by a person or entity to have the Authority post an event on the Authority website must be received by the Authority no less than 30 days prior to the date of the event.

Effective March 16, 2009
